who has never changed his residence and changes his residence and still goes back to his original polling place. This is a responsibility of those local precinct people to catch that and in most cases they do. It's not that difficult, if you are registered to vote and change your residence, and send in a card of registration or to even give the county clerk or county election commissioner a call and that can be done. It is not a matter, as the opponents would try to make you believe of complete changing of registration whenever there has been a person who has just moved his residence. So I would ask that you support the amendment to LB 198.

SPEAKER: Senator Syas your light is on for what purpose do you wish to rise?

SENATOR SYAS: I want to ask Senator Stromer, you made the statement Senator Stromer that people in the rural areas vote that's different. Isn't it true based on legislative races that some of the rural areas, both candidates combined didn't get as much as some incumbent in Omaha, so how do you get such, to make such a statement?

SENATOR STROMER: Well Senator Syas I'm, I don't know of those particular figures but is it now also then true in the reverse that there were some races in metropolitan areas where the total combined vote of both candidates did not even equal one candidate vote in rural areas.

SENATOR SYAS: Right, only you made the statement sir, that as just a flat statement, I'm just saying that it works both ways, it depends on the district.

SPEAKER: The question is shall Senator Stromer's amendment be adopted all those in favor vote aye, all those opposed vote no. We are voting on the adoption of Senator Stromer's amendment. A simple majority of those voting will decide the issue. Have you all voted? Once again the Chair would ask if you have all voted? The Clerk will record.

CLERK: 12 ayes, 23 nays, Mr. President.

SPEAKER: The motion fails. Are there any other motions on the desk effecting 198?

CLERK: Amendment on LB 198 read.

SPEAKER: The Chair recognizes Senator Whitney, we now have before us the Whitney amendment.

SENATOR WHITNEY: Mr. President, I have the, reread this bill and I cannot see in the present law where a county clerk is required to do this, so I asked our bill writer to draw up an amendment, it shows how efficient he is, while we were arguing over the past amendment he has prepared one here for me, and all it simply does is to say that whenever it shall come to the attention of the election commissioner, county clerk, that a registered voter has died, it shall be his duty to strike the name of such person from the permanent registration register, I've shown this amendment to Senator Anderson and he approves of the amendment.

SPEAKER: Senator Anderson do you care to respond?

SENATOR ANDERSON: I simply want to verify that this amendment does meet with the approval of Senator Cavanaugh and myself.

SPEAKER: Very good, Senator Syas and then Senator Duis.

SENATOR SYAS: I'm getting tired of being a jumping jack today, yes I know how to cure it but I'm not going to do it on this bill. I don't oppose this amendment but only I think it's got a big hole in it. Let's make it mandatory, you're simply saying whenever it comes to the attention, while I think in every news
